

OLIVIA ADRIATICA, a **Jeanneau Sun Odyssey 54 DS** sailboat, is known for its elegance, performance, and comfort, especially in the owner's version with three cabins. It offers the perfect combination of comfort and performance, making it an ideal choice for long voyages and enjoying life at sea.

The DS designation in Jeanneau yachts stands for "Deck Saloon," meaning the yacht is designed with an emphasis on comfort and luxury, offering passengers an extraordinary experience at sea with a large, spacious saloon and plenty of natural light. This design offers several key advantages:

- **Raised Saloon:** The saloon is elevated compared to standard models, providing a larger and brighter interior space with better views of the surroundings.
- **Large Windows and Improved Visibility:** DS yachts have large side windows that allow plenty of natural light, creating a bright and airy interior.
- **Spaciousness and Comfort:** The Deck Saloon design emphasizes spaciousness and comfort, with larger seating and living areas, making it ideal for longer stays on the yacht.

Technical Specifications:

- Overall Length (LOA): 16.75 meters
- Hull Length: 16.38 meters
- Beam: 4.87 meters
- Draft: 2.30 meters
- Weight: 17,200 kg
- Fuel Capacity: 410 liters
- Water Capacity: 970 liters
- Engine: Yanmar 110 HP
- Cabins: 3 with shower and toilet (plus a crew cabin in the bow)
- Berths: 6
- Designer: Philippe Briand

Features:

1. Spaciousness and Design:

- **Spacious Cabins:** The cabins (two standard and one master) offer plenty of space and privacy, ideal for longer voyages. The master (owner's) cabin is particularly spacious with a larger bathroom.
- **Saloon:** A large and bright saloon with comfortable seating and dining area.
- **Galley:** Fully equipped with a refrigerator, freezer, gas stove and oven, microwave, and extractor hood.

2. Comfort and Equipment:

- **WiFi:** Provides constant internet connectivity.
- **TV:** For entertainment and news.
- **Coffee Maker and Ice Maker:** Add a touch of luxury and convenience.

- Air Conditioning and Heating (Webasto): Allows cabin temperature control regardless of external conditions.
- Watermaker: Produces drinking water from seawater, making the journey self-sufficient.

3. Navigation Equipment:

- GPS Chartplotter: Enables precise route planning and tracking.
- Autopilot: Eases handling of the yacht during long passages.
- Radar: Helps detect obstacles and other vessels in low visibility conditions.
- AIS: Allows identification and tracking of nearby vessels.
- VHF Radio: Ensures communication with coastal stations and other vessels.

4. Sails and Propulsion:

- Main Sail (50m²) and Genoa (83m²): Roller sails that provide good performance and easy handling from the cockpit, facilitated by electric winches.
- Roller Furling System: Simplifies sail management, especially during solo sailing.
- YANMAR 110HP Inboard Engine with Folding Propeller (Gori Propeller): Offers high performance in motor sailing with economical fuel consumption.

5. Deck and Cockpit:

- Spacious Cockpit: With seating for relaxation and social gatherings.
- Teak Decking: Adds a luxurious look and provides better grip.
- Swim Platform: Allows easy access to the water and enjoyment of water activities.

6. Yacht Electrical System:

- Solar Panels: Provide additional renewable energy for battery charging.
- Generator: Provides an additional power source when solar panels or engine operation are insufficient. It ensures the production of AC 220V, powering all AC devices and chargers for DC 12V and DC 24V.
- 220V Inverter: Converts DC from batteries to AC for 220V appliances.
- Smart Energy Management System (Victron Energy): Integrates and optimizes the use of different energy sources and extends battery life.

Additional:

- Dinghy with Outboard Engine (2.5 HP)
- SUP Boards for Paddling
- Fishing Gear

The OLIVIA ADRIATICA sailboat features a luxuriously appointed interior made of solid wood. The spacious cabins offer ample space and privacy, ideal for longer voyages. The large and bright saloon provides comfortable seating and dining space, while the fully equipped galley includes all the necessary appliances for food preparation and storage. The combination of high-quality materials and carefully designed interiors provides exceptional comfort and aesthetic experience.
